AMEND Senate Bill No. 1502

House Bill No. 1202*

by adding the following new section immediately preceding the last section and by renumbering the subsequent section accordingly:

SECTION _____. Tennessee Code Annotated, Section 55-8-110, is amended by adding the following language as a new, appropriately designated subsection:

(e) If a municipality or county employs a three-light traffic-control signal, displaying successively green, yellow, and red lights for the direction of motorists and pedestrians; and if such traffic-control signal is utilized by the municipality or county at an intersection that also employs an automated surveillance camera for the enforcement or monitoring of traffic violations; then the municipality or county must install an overhead sign informing drivers of the speed limit as well as the presence of the automated surveillance camera at the approaching intersection. Such overhead sign must be located not less than five hundred feet (500') but not more than one thousand feet (1,000') in advance of the approaching intersection. If the municipality or county violates the provisions of this subsection, then any traffic citation based solely on evidence generated by the surveillance camera shall be deemed to be invalid.
